

Hydralex Global - A Recognized Global Leading Provider of High Quality Hydraulic Components

**Products We Offer**

- Inline Piston Pumps
- Radial Piston Pumps & Motors
- Bent Axis Piston Pumps & Motors
- Fixed Volume Vane Pumps
- Variable Volume Vane Pumps
- Gear Pumps
- Vane Motors
- Axial Piston Motors
- High Speed Motors
- Servo Motors
- Orbital Motors
- Directional Valves
- Flow Control Valves
- Pressure Control Valves
- Relief Valves
- Check Valves
- Stack Valves
- Servo Valves
- Proportional Valves
- PTOs (Power Take-offs)
- Cylinders

# HYDRAULIC SOLUTIONS FOR MINING EQUIPMENT

Hydraulic Shovel, Excavator, Drill, Haul Truck, Dozer, Loader and other Mobile Equipment Support

# YOUR SOURCE FOR REPLACEMENT HYDRAULIC PUMPS, MOTORS, VALVES, CYLINDERS, PARTS & REPAIRS

## ONE-STOP SHOP

We stock and support a long list of manufacturers hydraulic components like pumps, motors, valves and cylinders, that are commonly found in today's open pit and underground mining equipment. This support includes new service exchange units, reman units and aftermarket units that deliver OEM level performance, high quality replacement parts and first-class repair services.

## IMMEDIATE AVAILABILITY

Due to our vast inventory and capabilities, we are sure to have the units and parts you need most, available in stock - ready for immediate delivery from any of our multiple locations across the U.S. and Canada - shipping worldwide.

## FIRST-CLASS REPAIRS

We have the experience and expertise necessary for repairing and remanufacturing hydraulic pumps, motors, control valves, servo/prop valves, drilling units, gearboxes & cylinders for hydraulic shovels, excavators, haul trucks, drills, loaders, dozers and other mobile equipment.

## EXCELLENT RELIABILITY

All units, remanufactured and repaired, are tested before leaving any of our facilities. This ensures your unit is set to OEM specifications and will deliver OEM level performance. We are so confident in the quality and reliability of our products and services that we back them with an industry leading warranty: 18 months from the time of purchase, 12 months from the time of install.

**OPEN PIT OR UNDERGROUND.  
WE'VE GOT YOU COVERED.**

## Piston Pumps & Motors

We carry a wide variety of service exchange (new) and remanufactured piston pumps and motors from a variety of manufacturers including Kawasaki®, Rexroth®, Linde®, Hitachi®, Vickers®, Denison®, Komatsu®, and Oilgear®, to name a few. These units are built with parts that meet or exceed OEM spec and are fully tested before they leave our facilities. We also repair most all pumps and motors found on today's heavy mining equipment.

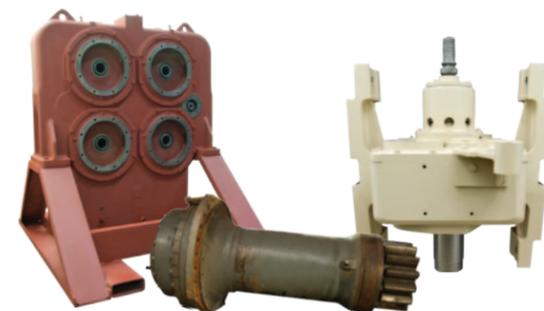

## Cylinders

We repair and remanufacture all types of cylinders for mining equipment - that includes shovels, excavators, haul trucks (suspension), loaders and dozers. With our specialty cylinder departments (large, small and telescopic) we are capable of handling any type of cylinder repair. We also have the capabilities to manufacture new OEM spec cylinders for mining equipment like hydraulic mining shovels.

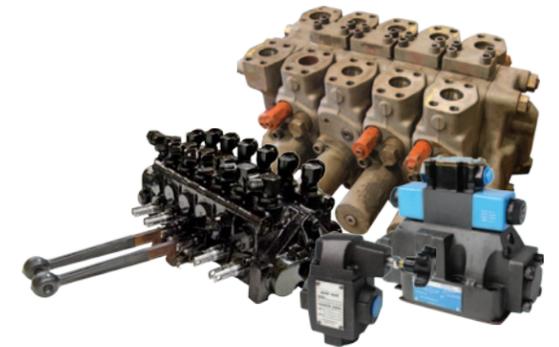

## Vane Pumps & Motors

In addition to piston pumps, we stock vane pumps and motors in both remanufactured and aftermarket options. This includes single pumps, tandem pumps and triple pumps. In addition, we stock units that are functional replacements for many Caterpillar® applications. Manufacturers include Vickers® and Denison®.

## Gearboxes, Transmissions & Drill Units

Gear Boxes, Swing Transmissions, Pump Drives and Final Drives for mobile equipment like large mining shovels and excavators, are also items we can repair and remanufacture. All units are disassembled and inspected for cracks or fatigue using NDT procedures. All bearings and seals are replaced and only OEM quality parts are used in the repair and remanufacture process. Units are then reassembled and tested.

## Hydraulic Valves

We have experts who specialize in valve and main control valve repair and remanufacture for mobile equipment. Our coverage of manufacturers range from KYB®, Kawasaki®, Hitachi® and John Deere®, to name a few. We also stock and repair other types of valves such as hydraulic directional valves, flow control, pressure control, relief, check, stack and servo/proportional valves.

## Replacement Parts

Hydralex Global stocks an extensive inventory of OEM and aftermarket brand piston, vane and gear pump replacement parts. This includes manufacturers such as Rexroth®, Kawasaki®, Vickers®, Denison®, Sundstrand®, Linde®, Hitachi® and Komatsu®. Our large inventory assures you prompt shipping worldwide.
