

OEM and Aftermarket Hydraulic Replacement Parts

Extensive Inventory and Multiple Options

Everything You Need, Right When You Need It

At Hydraulex Global, we keep an extensive inventory of hydraulic replacement parts stocked across all of our locations, ready for immediate delivery. Whether you're in need of replacement piston, vane or gear parts for an industrial or mobile application - we have you covered.

Our inventory consists of both OEM parts and our aftermarket brand parts, Genuine Metaris and Genuine Benchmark, that support an impressive list of manufacturers' units. When it comes to your hydraulic replacement part needs, we're sure to have everything you need, right when you need it.

- Extensive inventory of millions of parts for piston, vane and gear units
- Current and obsolete parts available
- Stock OEM and OEM spec aftermarket parts
- Aftermarket parts are inspected and tested
- Aftermarket options provide a substantial cost savings over OEM
- Large inventory allows for immediate availability and quick delivery; minimizing downtime
- Service a large dealer network domestically and internationally with our trusted line of quality interchangeable replacement parts
